

Meet Linda Sprouse

Social Service Representative and Health/Wellness Coordinator

Hello, my name is Linda Sprouse, I was born and raised here in West Virginia. I left for a while to live in Colorado where I raised my three children and have been back now for 11 years in West Virginia. Since being back I met my husband (Rick) now of 8 years. Together we have 6 wonderful children and 11 amazing grandchildren. Rick and I love to travel, one of our favorite places is Panama City Beach! We really enjoy the beauty of nature and spending our time outdoors: hiking, camping and swimming. Some of my other hobbies include crafting, reading and learning new things.

I am a recent graduate of Bridge Valley Community and Technical College. My educational background includes an Associate in Applied Science Degree in Gerontology and Health Science, Certificate in Applied Science. While in school I worked as a Certified Nursing Assistant at Thomas Memorial Hospital. During this time, I learned a lot more about the variety of needs in our senior population. This is what brought me to Kanawha Valley Senior
